## Na Rin An

### Quick Quotes

**Q. All right, Na Rin, two rounds down, two more to go. Take me through the latest day.**

NA RIN AN: So I had to play the remaining holes from yesterday so it felt like a lot of golfing today, but I'm happy to have ended the day on a high note.

**Q. When you had to come back and finish the fifth round how were you feeling and what did you do in between resetting for the sixth round?**

NA RIN AN: I think I tried to rest as much as possible to save energy. I ate lunch, I worked on my putts.

**Q. Is that something you've been focusing on the last couple days is putting? I feel like you seem to be making almost everything out there. Is that something you have been focusing on?**

NA RIN AN: Yes, I believe that this course requires good putting, so I worked on my putts a lot coming into this week.

**Q. I've heard that the greens can be quite tricky out here. Sometimes the speed is hard to read. Do you feel like you're getting more comfortable with just two days left?**

NA RIN AN: Yes, having played the two rounds I feel like I've adjusted more to the greens than when I came in the first day.

**Q. This isn't like a regular tournament. There isn't necessarily a first that's going to win all. What would it mean to you to be able to be a medalist at this event, and was that a goal you went into this week with?**

NA RIN AN: Yeah, I think it would be good to be a medalist, but it's not specifically a goal that I came with. I do want to play well and I think I am getting towards playing well as well, yeah.

**Q. Do you feel like this is some of the best golf you've**

**played all year?**

NA RIN AN: Not much.

**Q. So not really?**

NA RIN AN: Yes, not really.

**Q. How would you rate how you're playing right now as compared to the rest of the year?**

NA RIN AN: I would say that I'm still playing pretty good and I'm happy to be playing well.
