Mobile, Alabama, USA

Magnolia Grove

Yu-Chiang Hou

Quick Quotes

Q. Absolutely relieved. Well in. How excited are you just to have LPGA Tour status next year?

YU-CHIANG HOU: I mean, it's been our goal since like the beginning of our golf career. It's been 13 years already and playing on LPGA is our dream.

I mean, just to achieve this goal with my sister and knowing that we both going to play on LPGA next year, it's something really special.

Q. For sure. Looking at some of the sister acts on the LPGA Tour, the Kordas, the Jutanugarns, how excited are you two to add your names to the list and hopefully become winners and major winners pretty quickly?

YU-CHIANG HOU: That's always. They are both like idol that we're looking up to, and we just really looking forward to what's ahead in the future for us.

So just try to playing our best golf out there and then really, really excited about what's on LPGA.

Q. And I know you all wanted to talk to your parents, but what's the timeline as far as you all turning professional? Will it be immediately or give it a few days and kind of decide?

YU-CHIANG HOU: I think it's today. Yeah, like right away.

Q. I mean, what does this mean for you personally? Obviously you had a lot of success, especially this year. Probably not your healthiest. How have all these accomplishments, what are your feelings right now?

YU-CHIANG HOU: Definitely means a lot to me, myself, because going through like the biggest injury of my whole life, and just went through that this summer and take like a few month off, I didn't even think I could go this far.

So standing here like playing through these two weeks, it's amazing. So just very unbelievable I would say that.

Q. What are you most looking forward to about the LPGA Tour? It's a loaded question.

YU-CHIANG HOU: I would say try to achieve rookie of the year. That's my biggest goal. And then of course winning a tournament and just seeing myself and my sister both playing well the first year. That's the biggest goal.
