Quick Quotes

Q. To be able to walk out of here with not only the tour card but medalist honors, how does it feel?

NA RIN AN: I didn't really think about being a medalist until like two days ago when we had that interview. I think after that interview when you asked me this question that kind of set in my mind and kind of helped me play well and motivated me.

Q. How satisfied are you with how you were able to stay calm and composed through these two weeks of golf?

NA RIN AN: I think I'm very happy to have won the Q-Series.

Q. What has the last two weeks been like for you? How excited are you to finally have some days off?

NA RIN AN: The past two weeks have been physically straining, but I'm happy to have finishing on a high note. When I go back home I will have to quarantine for ten days. Although it's not something I am voluntarily willing to do, I think I'm happy to have those ten days off.

Q. What are you most looking forward to next year on the LPGA Tour?

NA RIN AN: I'm excited to be able to travel to different countries and I'm also looking forward to playing with players that I've only been able to see on TV.
