Quick Quotes

Q. Hannah Greg, here at Stage II. First of all, first time here. You played Stage I three times.

HANNAH GREGG: Yes.

Q. First time getting through to Stage II.

HANNAH GREGG: Yes.

Q. How does it feel to be here this week?

HANNAH GREGG: It's awesome. I was talking to my sister abGzing this for so long.

Doesn't feel crazy, but I'm excited.

Q. Good. Do you have any goals for the week? What's the mindset?

HANNAH GREGG: I mean, of course the goal is to finish high enough to go to finals. I think that's everybody's goal.

But whatever happens, it's a new experience. I'm going to learn something no matter what.

So my process goal is to stay super, super positive because I know that my tendency is get a little bit negative, and that is when I start playing not my best.

So super positive and just keep moving forward.

Q. Good. And first time playing; have you received any advice or tips from any other players, or do you come into this week and just do your general process?

HANNAH GREGG: Yeah, I'm kind of trying to just treat this like any other tournament. That's what did I at Stage I, just pretended it was a four-round tournament and it was nothing new that I had never done before.

So that's my plan. My caddie is also my boyfriend, and he's been through countless Q-Schools and made it through quite a few times, so he's the perfect person to

have out here to give me advice when things maybe go sideways or don't go the way I want them to.

So I think it's going to be good. We have a good plan set up.
