Mobile, Alabama, USA

Magnolia Grove

Kendra Dalton

Quick Quotes

**Q. So super basic, how does it feel to be at Stage II?
What are the thoughts leading up to?**

KENDRA DALTON: Yeah, it's exciting. Not where you always want to be, right, but I'm excited for the opportunity. It's been a really good year.

I feel good about my game and just excited for the week. I've got a good caddie with me this week. It's going to be fun, so it'll be awesome.

Q. Because Q II got extended for quite sometime, how were you prepping? How did you take that break?

KENDRA DALTON: It was nice because it was supposed to be right off the back of our four-week stretch at the end of the season, so it was really nice to be able to go home, be at home, work on things there, rest up a bit.

So it was good. It was nice actually.

Q. What did you do? How did you rest?

KENDRA DALTON: Well, just like being in your own bed for a few weeks at a time and not having to move all your stuff for more than a week at a time is really nice.

So feels a little better to be at home and then get back on the road and get back out here.
