Quick Quotes

**Q. How does it feel to be Stage II? What are the thoughts leading up to the days before playing?**

KAITLIN MILLIGAN: Feels really good. It's been hard because we had to wait a little bit longer. I feel like that tends to make us think about it a little bit more.

Honestly, the weather is so much better this late in the year, so I'm pretty excited to be here and have a little bit of warmth while it's getting cooler everywhere else.

Ready to see how my game stacks up and get this week started.

**Q. Yeah, and then so with the break and not having yourself get so mentally caught up and just overthinking, how do you relax, reset, especially before a qualifying tournament like this?**

KAITLIN MILLIGAN: I think you really have to just stay in the moment and take it as it comes. You can't like time travel and think about I guess what's going to happen. It's more whatever you can do right now.

The more I can just stay in the moment and keep myself present, I think the better it's going to go.
