Magnolia Grove

## Louise Ridderstrom

### Quick Quotes

**Q. Solid round. How does it feel being done for the day?**

LOUISE RIDDERSTROM: Awesome. Absolutely fabulous.

**Q. And then obviously with like the wind and everything it gets tough out there. How do you keep on the positive and in your own game and balance all the conditions that are factored into the game today?**

LOUISE RIDDERSTROM: You know, I have a very good friend of mine on the bag and she has the best attitude out there, so that really does help.

Then I'm also trying to tell myself this is I think my fifth time playing Q-School. I know that the only thing you need to do in Q-School is stay patient.

So that's just kind of what I'm doing. Bogeys are going to come, birdies are going to come, but par is your friend. Just trying to be patient out there.

**Q. Two rounds done; two to go. How do you alter, whether it be your goals or mindset, how do alter that going into the next two days?**

LOUISE RIDDERSTROM: I'm just going to keep on going, keep doing the same thing I'm doing, stay patient, and don't get flustered. Everybody is hitting bad shots out there, including myself, you know. I'm just going to try to stay in it and do my best in every single shot.
