## Seulki Lee

### Quick Quotes

**Q. Okay, I'm here with Seulki. 2-under today; 5-under total. You're currently tied for the lead. Looks like your back nine, five birdies.**

SEULKI LEE: Yeah, I made five birdies back nine.

**Q. Can you talk about your day?**

SEULKI LEE: In the morning I practice in the range. Honestly, my felt was not great because, I don't know reason why, but today's more windy day before than yesterday, and I keep trying just focus on my normal swing.

You know, when so much windy sometimes my head was, boom, right? I'm just keep trying to what is my normal just playing.

But I think I made the five birdies at the back nine, the shot was so-so, but my putt was pretty nice. I made maybe three birdies from the maybe 15 feet.

**Q. Wow.**

SEULKI LEE: Yeah. That's why I made the under par in today, I think.

**Q. Yeah. Yeah. So much wind and so cold.**

SEULKI LEE: Yeah.

**Q. Back nine maybe also started to warm up.**

SEULKI LEE: Uh-huh.

**Q. Did the weather make a little bit of difference too?**

SEULKI LEE: I think very similar; not way different.

**Q. Yeah.**

SEULKI LEE: But I keep trying the warm my body, yeah.

**Q. Yeah.**

SEULKI LEE: That's a key point today.

**Q. Yes, for sure. It's a very long day, over six-hour round.**

SEULKI LEE: Yeah.

**Q. How did you stay patient playing during a long, long day?**

SEULKI LEE: You know, honestly, my brother help me, my caddie. But it's his first time of caddie, and he -- I think he really tired. Also yesterday and today he ask me what is this hole? I told him, No. 6. Oh, right, No. 6.

We left 12 more holes, right? Right. I think that's emotion make me more -- I'm going to make more calm, and, yeah, try my best with my brother. That's make me more like calm and great round maybe.

**Q. That's great.**

SEULKI LEE: I guess.

**Q. Yeah. We have two more days. What is your plan for the weekend?**

SEULKI LEE: I really want to try and like these two days I don't want to be more great or more bad. Yeah, I'm just keep trying my best as I can, and, yeah, I think that is my goal. Just accept nervous and enjoy this moment. I hope so.
