Quick Quotes

Fastscripts by ASAP Sports...

Q. So 1-under today. Great score considering the circumstances. How do you feel being done?

BECCA HUFFER: Oh, it felt great to be done. I'm excited to be done. Just crazy weather to finish, putting through puddles. Yeah, just to be able to walk away and go on to the next thing is great. (Laughter.)

Q. And I know we talked about obviously coming in the goal was to get to Q-Series.

BECCA HUFFER: Yeah.

Q. T2 right now on this leaderboard.

BECCA HUFFER: Yeah.

Q. Looks like a really good shot to advance. How does it feel knowing that?

BECCA HUFFER: Feels great. I love accomplishing my goal, especially glad for day like today where the back nine was just rain and wind and nastiness that I could -- that I put myself in the position to not have to worry too much about it.

So that was great. Very excited to play at Q-Series.

Q. And then three birdies on the day. Like you said, especially two on the back nine, putting through puddles. What was going you're head on each hole, but overall?

BECCA HUFFER: It was like the last two holes, the last one, just to get done laid up to -- made the last par putt, which I would be like, I would've been happy with a double. Would've been fine.

Yeah, hit some good shots. I was actually hitting really good shots on the back nine, so just kind of, you know, focusing because there is not much else you can do and it's just raining. Took it one shot at a time and my game felt good.
