Quick Quotes

Q. So, first round 7-under. Crazy first few holes. Can you talk to me about that?

MANON DE ROEY: Yeah, it's the first time playing at Q-School for the LPGA so I'm just excited to be here. It was a bit of a crazy start. I started birdie, birdie, and then double.

But I holed two putts from off the green the first two holes, so it was really exciting. And then the double, yeah, I hit it in the water from the bunker.

But, yeah, I mean, I played really solid all day. I hit some really close ones and I holed some really good putts.

Q. Yeah. And then so when you did make the double, how did you reset your mindset and just keep present?

MANON DE ROEY: I feel like as a player I'm pretty calm, so I'm easily forgetting about the bad shots. I just move on. Yeah, I think that's what I did. With my caddie, Laura, today we had a lot of fun.

Q. I was just about to ask that question. With a fellow player. How does that ease your mindset, especially on the course? I saw you guys laughing, having fun.

MANON DE ROEY: Yeah, she's a really good friend. We played a lot of amateur tournaments together when we were younger, and I asked her if she wanted to come with, e. Yeah, we have a lot of fun on the course and we laugh a lot, so it's fun. It helps.

Q. What's the mindset going into tomorrow?

MANON DE ROEY: Just going to do the same thing I did today: Stay patient, roll in some putts, and, yeah, we'll see.
