Quick Quotes

Q. Great playing today; bogey-free 7-under.

HAE RAN RYU: Yes.

Q. You're now 12-under total, currently inside the top 10. Can you talk about your round today and what was working well?

HAE RAN RYU: Today my shot was really good during the tournament. I hit good shots and had a lot of chances. I had a bogey-free round. Also at the last hole, I almost made a bogey, but I finished well, so I felt so good today.

Q. What was working best? Was it the irons, putting, driver?

HAE RAN RYU: Today best is iron shot and also my tee shots. I think this week, today, my best shots of the day, for this week.

Q. Q-Series is a long tournament, eight rounds. What did you do to prepare for these two weeks?

HAE RAN RYU: I started first round in the top 10, and after next week, I think no problem to be shared two more awkward, a little bit awkward before the round, but finished this round more a little bit freedom.

After today I'm more practice my putting, and two more free practice rounds next week, and I feel very good.

Q. There's been many players from KLPGA who have come. Did you get any advice from players like Hye-jin or Jeong Eun Lee6?

HAE RAN RYU: Lee6 told to me that eight rounds is too long, so I need to prepare. Don't be disappointed just to have a bad score on one round, just erase it and prepare for the next round. Lee6 told me.

Q. What is your plan going into next week?

HAE RAN RYU: I've heard that the next round tournament

course's green play is so hard, so keep my iron shots to make the shots on the green and do more practice with my putter, so next week I hope that I score better and good putts, also, and same as hit it like today.
