Quick Quotes

Q. All right, Kaitlin, 7-under round; on your way to Q-Series now. Talk about your round today. Talk about your experience here and just overall how you're feeling.

KAITLIN MILLIGAN: It was good. I really just tried to keep it like fairly simple. Just trying to hit a fairway, hit a green, really be where my feet are, and try not to overthink the score or what it was going to be or what I was at or anything like that.

So I think I did a really good job of doing that, and then add in some good ball striking and made a few putts.

I don't know, it sounds simple, but I guess it was. It was good but I'll take it.

Q. Talk about your experience on the Epson Tour this year and kind of how that helped you out this week?

KAITLIN MILLIGAN: I've had a really tough year I think, just kind of like missing cuts or barely making them, and just like feeling like I've been struggling to get better and like I'm making the right choices and things to do but am not really getting there.

So I think it was good to push me to make me better, like all year, and just grind it out. And then to be reward is really nice.

Q. And then kind of said being rewarded. What kind of mental grind is it out there when you're not playing well and then you come here and you put together a solid round, head to Q-Series? What kind of confidence does that give you going forward?

KAITLIN MILLIGAN: Oh, a lot. It's definitely been a grind like all year. I feel like this is kind of like a weight lifted off my shoulders. Hopefully I don't have to grind too much more, just relax and play.

Yeah, feels great.

Q. You have your family here. What does the support mean to have everyone out here following you around your last round?

KAITLIN MILLIGAN: I think it was a game changer for me. I really struggle being away from home and my people, so having my mom here, my boyfriend here, and then a professional caddie that really helped me out, like totally different than the other experience I've had.

So I really enjoyed it.
