## Laetitia Beck

### Quick Quotes

**Q. All right, Laetitia, 3-under round here at the 2023 LPGA Q-Series. Just talk about your preparation coming interest this week and was there anything you were focusing on heading into this week after your Epson Tour season?**

LAETITIA BECK: I think just a little bit of everything. I ended up the season not great, so I think just a little bit of driving, irons, wedges, a bit of everything.

So I played a lot. Just a lot on the golf course.

**Q. And was there something maybe you learned about your game throughout the season that you really tried to focus on? You said working on everything. Was there one part that you really tried to hammer down on during your time off?**

LAETITIA BECK: There is always one part, but not -- -- didn't really work today. Yeah, there is always one weakness of my game that I try to work.

But yeah, I know even if the other parts -- I usually struggle off the tee, which here it's a nice golf course for me. Pretty wide. Yeah, just I try to do the same. Try to get better every day.

**Q. And then with this being a unique tournament, six rounds instead of three rounds, how do you prepare coming into this week?**

LAETITIA BECK: I don't change anything really. Just one day at a time. We are all going to make mistakes. That's like every tournament. Four rounds, five, six, to me doesn't really matter. Just have to do your best every day.
