Q. All right, I'm here with Yealimi after her second round at Q-Series. Really solid round; 6-under. What stuck out in your game today?

YEALIMI NOH: Well, I hit every fairway, so that was nice, especially with it being lift, clean, and place and being really wet everywhere.

So it was good, and I hit a lot of greens today, so that was -- helped a lot.

Q. And you were I think the last group to tee off before the delay. How did you kind of adjust to that? You had just started; had to pause. Anything about the delay?

YEALIMI NOH: Thankfully I was just on the first hole and like I had already been on the green, so it was nice to just start with a putt and just get back into it on the second hole. Wasn't too bad.

Q. This is a different course than you played yesterday. Is there about either of courses that suits your eye? I mean, you did shoot 6-under on this course today.

YEALIMI NOH: I think just the extra par-5 maybe helped. It's a little more gettable on this course, just wedges in, whereas on the other course there are a few where everyone has to layup in the same spot. Nicer with the par-5s here.

I think the greens are smoother and faster on this course. I think it's more exposed to the sun, too, so that was helpful.

Q. You had just one bogey today on No. 9 I believe it was. Any thoughts about how to get it back? Four birdies on the back, so clearly recovered.

YEALIMI NOH: Yeah, I was just focusing on there were two more par-5s to get at. I was hitting fairways and greens and thinking hopefully make a few putts.
