Q. Hyo Joon, just how were your first two rounds here?

HYO JOON JANG: It's been pretty good. Wasn't like really struggle. For sure there was something like up-and-down, you know, but it was going well. The weather helped. Luckily.

So, yeah, I appreciate everything.

Q. Your back nine, from 14 in, you were lights out. You had four birdies on the last five holes. What was the mindset playing those holes?

HYO JOON JANG: For sure putting was helping but it was more about the full shots. My iron was kind of like in the moment. Like going to the flag, like it's going like everything was in the distance.

I think that helped the four birdies for five holes.

Q. You played both courses now. What are some of the differences you've seen out of the two?

HYO JOON JANG: I really played in a different weather, so I can't really say a big difference. Crossings is a little more shorter I can say. Other than that, it's pretty much same thing.

Q. Is there one that maybe suits your skills or eye line a little bit better?

HYO JOON JANG: I would say Crossings but I made a better score on Falls. I would say both. I don't know.

Q. What's the mindset heading into tomorrow and the rest of the week?

HYO JOON JANG: Resting is the key.

And I'm going to play like first day and, yeah, I'll be ready for tomorrow.
