

# LPGA Q-Series

Sunday, December 3, 2023

Mobile, Alabama, USA

Magnolia Grove

## Mina Harigae

### Quick Quotes

**Q. All right, here with Mina Harigae after her third round at Q-Series. Solid round today. What were you thinking about out there today?**

MINA HARIGAE: Kind of just doing more of the same I've been doing last couple days, minus yesterday obviously I mean, hitting a lot of fairways, a lot of greens. Just trying to give myself as many opportunities as I could.

**Q. And anything fun you did yesterday during that kind of break we had?**

MINA HARIGAE: It was a great time for me to do some Christmas shopping online. I got some done, which I was really happy about.

**Q. Nice.**

MINA HARIGAE: Yeah.

**Q. And then comparing the two courses that are out here, what would you say the differences are between the two that you noticed?**

MINA HARIGAE: I think my first initial thought was a couple days ago we played this course. The front nine especially I had a lot of longer clubs in, more hybrids, and also the greens, you kind of have to either really be aggressive with your line or just play it like really safe I want to say on this one.

So maybe not so much on the other course. I had like a better mix of clubs I would say throughout the 18.

**Q. And I know it's been a little longer, some of the yardages out here with the rain. Did you see a lot of rain and water out there still that was not helping that roll?**

MINA HARIGAE: Yeah, I mean, can't really do much about it. We took a lot of casual water relief just because we -- where you wants to hit it, that's where all the water collects, too.

I mean, it was looking really good out there for how much it rained yesterday. I think the maintenance did a great job. Yeah, I feel like it played really long today.

**Q. We're at the end the year here. How would you describe your year as a whole? Any highlights that come to mind?**

MINA HARIGAE: It was kind of a weird year for me. I didn't do anything really bad, but I also didn't play great in particular. I played pretty solid during the majors and I think playing at Pebble Beach was definitely the highlight.

But, yeah, and then last couple events I played in, that's when I actually started to play better.

**Q. And then headed to the range maybe after this?**

MINA HARIGAE: Nope. Just going to go home and rest up.
