Mobile, Alabama, USA

Magnolia Grove

Jennifer Song

Amy Yang

Quick Quotes

Q. All right, now here with Jennifer Song and caddie extraordinaire, Amy Yang. Just Jennifer, finally done. Just how has this week been for you?

JENNIFER SONG: It's been a long week, but I think I stayed very patient out there, and my friend Amy really happened me stay in the moment and just kind of enjoy the moment and just do my best out there.

Q. Great spot to re-earn your card for next season. What does that mean for you?

JENNIFER SONG: Huge relief. I was actually really stressed out this year, but I think I kept it really cool and kept myself in really good perspective. I had really good family and friends around me that supported me, and then it was a huge thing for my friend to come out this week after winning the CME Championship.

I think that was a lot of confidence boost in my game this week.

Q. To have Amy on your bang, how much of a comforting presence was that, and maybe it helped you a little bit this week?

JENNIFER SONG: Yeah, I think I got like 200% confidence from her. You know, just having a close friend, it's a long week, and I knew I had the game to play well, but I just needed to feel relaxed out there, and then a friend was just what I needed out there.

Q. Amy, for you, to go from CME to here, what's this week been like for you, preparation and everything?

AMY YANG: You know, Jennifer, she prepared everything. Her game was so ready to go already at home. I just needed to carry the bag and just talk other stuff and make her feel comfortable.

I really didn't do enough other than that.

Q. No reads or anything?

AMY YANG: No, no reads. She was doing really well. I'm just so proud of her, yeah.

Q. I asked you after her first round what was it like out there and you said it was so hard.

AMY YANG: Yeah.

Q. What was some the biggest difference you've seen on the other side of the bag now?

AMY YANG: Carrying the bag -- Jennifer brought smaller bag for me, so thank you. It's more the energy caddies put into players was different. Yeah, it was different energy I was using on the golf course.

Yeah, so I have a great amount of respect for guys out there now, and grateful, yeah.
