Magnolia Grove

Becca Huffer

Quick Quotes

Q. All right, here with Becca Huffer. What's the emotions today?

BECCA HUFFER: Well, coming into today, I knew I had to like have a good round because it just honestly wasn't a very good week for me for playing. Kind of just stuck in there and tried to stop the bleeding some days, but I knew I had to put a good number together.

Unfortunately started with double, so that was a little bit rough. Got an eagle on the first or like No. 13. Hit a 3-wood to three feet, and I think that helped put a little momentum in my court.

After that, just got some more birdies to go, and, you know, obviously I finished I thought I was out of it. I was happy to see that it worked out in the end.

Q. My next question: You left if I'm not mistaken and one of my coworkers had to text you. What was that moment like for you just realizing, oh, I did get a card?

BECCA HUFFER: I mean, I guess my brother was in the car, like oh, wait, they changed something. I was like, really? Like are you sure? Are you sure? Yeah, obviously I texted Luke and was like, okay, is it for sure, just because, I mean, you just -- you're thinking the worst and never thinking that's going to work out.

Q. Last one: What's the rest of the off-season going to look like for you in preparation for your 2024 LPGA season?

BECCA HUFFER: I'm just excited. It's not the best status or anything, but to have a shot at getting out to play again, so just really excited because I have had a really good year and unfortunately earlier this year I just wound up a tiny bit short on Epson.

I'm glad to get it under my belt.
