### Quick Quotes

**Q. Gigi, another 5-under round here. Another round under par. 5-under today. Yesterday talked about first round and keeping that going through the last three rounds. What really changed in your game do you feel like in the first round and the next three?**

GIGI STOLL: I think I just settled in. I feel like the first round is kind of -- there is more nerves going into the first day. There was a lot of the weather.

Felt like I settled in really nicely and been playing my game. That was my goal going into the year with just a little bit of status. Now we have the opportunity to close that up. Hopefully we can have a good day tomorrow and get it done.
