### Quick Quotes

**Q. Here with Haeran after the final round of the The Chevron Championship. You finished with a bang with that eagle chip-in. Can you talk about that shot?**

HAERAN RYU: I had two options to pick a spot to hit from. I chose the one that I did because the rough was too long, the grass was longer, the rough.

So I had a long day. This is a nice way to finish.

**Q. The two spots, was one farther and one closer?**

HAERAN RYU: Uh-huh.

**Q. And you picked the one that's closer?**

HAERAN RYU: No, far one because the close the close one the rough is a little bit long, so I just think it's little short rough is better than chipping, yeah.

**Q. Very smart decision. Did you jump up and down? I think I saw you went like this, looked up at the sky. What was going through your head?**

HAERAN RYU: Usually I don't have reactions about this, but I think I raise my hand up for a while.

**Q. I think so, too. How nice was it to end on that note? I know you may have had a tough day out there but the course was playing tough for the final round.**

HAERAN RYU: Yeah, was too tough and today my shot is terrible and my putt also bad, but my last hole was pretty good.

But this year I think it's a little bit golf challenge year for me because I think first top 10 of the year this tournament.

So that's good for me, and then just start season right now and I have a lot tournaments this year. Yeah, I just thinking for the good thing for this week, yeah.

**Q. I was just going to ask, too, what does it mean to**

**still get that top 10 finish even when you might not have had the best game today?**

HAERAN RYU: Yeah. I like finish the top 10. I make some eagle on the last hole, and first eagle of the year this year. Yeah, I just thinking just forget everything for my golf.

**Q. And how are you going to regroup before next week? I know you're headed on that charter flight tonight.**

HAERAN RYU: I have a good play on this week, so, but last day was a little bit not good finish, but I just thinking for the I'm Top 6 for the major championship and make some eagle on the last hole.

Yeah, I just so excited to go to Utah next week.
