Q. Here alongside Lindy Duncan, you said just living your dream, having this opportunity, this experience. Saw you clapping to the crowd walking up 18, Pepping them up on the way to the playoff. What will you take away from the experience this week?

LINDY DUNCAN: So many great memories. I had the best time with my local caddie here, Stephen Nuby. He kept me in it today. It was so memorable. All the people were cheering for me and I thank them for that.

Q. You've been out here 12 years grinding. To have this opportunity, this experience, what did you learn about yourself being in this position for the first time?

LINDY DUNCAN: Yeah, I think in the past I've hit the panic button really quick, and I messed up a whole bunch of times in four rounds and still made it to a playoff in a major.

I've got a lot of great things to remember about this.

Q. What will you look back and remember as the highlight of the week?

LINDY DUNCAN: Probably the putt on 18 to get into the playoff. The 7-wood I hit in there was incredible. Hit the first putt a little too hard but I still had a chance to it. Just never stopped fighting until the end.
