Nelly Korda

Lilia Vu

Quick Quotes

Q. Very strong at the end of this match to close it out. Where do you feel like your (indiscernible)?

NELLY KORDA: Yeah, I think when Lils just stuffed it on that par-3 and made that putt, that was kind of the turning point of the match, and I feel like we were pretty even throughout the entire match.

It was pretty much a grind, but then we kind of ran away with it toward the end.

Q. How did you stay patient throughout the day? It felt like you were giving yourself opportunities.

LILIA VU: Yeah, I felt like we were struggling off the tee a little bit, but we were still getting chances for birdies, they just weren't falling. Then once 13 came along we built a lot of momentum and just kept going.

Q. And when you look at this partnership, how do you determine how Team USA would split the partnerships?

NELLY KORDA: We just kind of went with the flow. I don't think there was that much planning. Honestly if we turned it around and I played with Danielle or I played with Danielle, vice versa, I think we would have been a good team no matter what. We went with the flow, and happy to get a point for Team USA today.
