**Q. Alongside Jeeno Thitikul. She walked over and she was like, well, it was a bit of a rollercoaster day. You ended on a high, eagle and birdie in the last three holes. What was the biggest challenge out there today?**

JEENO THITIKUL: I think the weather should be the good challenge for us. I mean, it's like no sun at all. It's freezing and our hand so cold.

Just stay warm out there it's just like a big key out there I guess. Yeah, really rollercoaster day so far.

**Q. Seems like no matter where you play though, what the weather conditions are, you have just been a fixture on the leaderboards week after week: Five Top 10s so far, Top 5s so far this season. What's behind your consistency week in and week out?**

JEENO THITIKUL: I don't know, just trying to stay present. I know like I did great like last couple months ago, but it just is still -- that's the past. It's already past.

And then can just be in the present and just keep the momentum going. It doesn't matter if I'm going to hit it good or bad. I think it just like be in the present and enjoy the moment. You're not going to be in the same moment again anymore, so I am just really enjoying it and I try to do my best.

**Q. Let's talk about the present then. This week at El Caballero. As you are getting to know this new venue, what are you going to have to do well here over the next three days?**

JEENO THITIKUL: I think it should be really low score for sure. As you can see, like 9-under par leading today.

I think if you can put the ball close by the hole and make a lot of putts should be a really big key. I don't think it's that tough course, but sometime the putt can be hard because it's really hilly.
