## Ingrid Lindblad

### Quick Quotes

**Q. Ingrid, just your first season on the LPGA Tour, just a few weeks in, already a first-time winner. Are you surprised how quickly you found success out here?**

INGRID LINDBLAD: I mean, a little bit after my bumpy start. It was just -- I mean, you should never not expect it, right? But obviously got it done in a couple starts; just kind of crazy.

**Q. You posted on Instagram last night, less rough and more tap-in birdies tomorrow. How well do you think you executed that plan today?**

INGRID LINDBLAD: I was still in some rough, but made a couple birdies on the front nine and kind of just slowed down on the back. Obviously feel like I could have had a couple more on the back nine. Here we are. (Smiling.)

**Q. Joining your idol and fellow Swede, Annika Sorenstam. She was the one to win in here at El Cab. What does that mean to join her?**

INGRID LINDBLAD: It means a lot. She's done a lot for us in women's golf and just she's a big inspiration.

**Q. Often these victories you get a little luck along the way. Lucky break on 13.**

INGRID LINDBLAD: Yeah.

**Q. Take us through what happened.**

INGRID LINDBLAD: I hit my driver. I had hit pretty good tee shots on that hole so felt pretty confident. Obviously I think the left miss is almost better than the right because it kicks down in the fairway.

I don't know the camera guy up there, but he was like, there is a little squirrel up there who was nice to you and bumped it out on the fairway.
