### Quick Quotes

**Q. All right, the emotions when you walk off 18 now, the emotions you have after that putt on 18.**

PAVARISA YOKTUAN: Incredible. It was a really nice birdie putt, you know, because like today has been -- it's a little bit -- not a little bit tough, it's tougher than the other day because it's windier than like the first three rounds.

And then the green is tough already, and to finish with two birdies, that's amazing, yeah.

**Q. What were the emotions like this morning in the final grouping on the first tee?**

PAVARISA YOKTUAN: Nothing. I feel nothing. Like I said, I don't put pressure on myself and I talk to my caddie a lot. I just focus on my own game. Don't think about the leaderboard.

So I feel really relax and it just struck a little bit in the middle because of the conditions today, but overall it's good.

**Q. You said yesterday that the goal isn't just to retain your card, it's to make CME. What does a round or week like this do for your confidence for the rest of the season?**

PAVARISA YOKTUAN: It's really good, because I haven't look yet, at the points yet, like how many points do I get, but I believe that to finish in Top 3 it's going to help me, it's going to put me like in a better position and it's like help me play the Pelican. It makes it a lot easier -- like better than like start from 98 right now, it's better to start from like, you know, 70, 80s. It's really good.

**Q. And you've had quite some success at Pelican with at hole in one from a bit ago.**

PAVARISA YOKTUAN: That's why I'm going back there. I need another car.

**Q. Need another car. As you walk away from today,**

**what will you take from this week as you head into the next event?**

PAVARISA YOKTUAN: Well, it prove that LPGA is not -- like anyone can win on LPGA, and sometime there is some moment that I feel like I'm not good enough to be out here, but today it's prove that I'm good enough to win a tournament. I'm good enough to win LPGA.

And I believe that if I keep doing good, I keep patient, and then one day it will come.
