Shanghai, China

Qizhong Garden Golf Club

## Lucy Li

### Quick Quotes

**Q. Can you talk about in details maybe approach shots...**

LUCY LI: Yeah, 18, that pin is really tough. It's the toughest pin on that hole. I was just happy to take par there. I was coming out of like the first cut so wasn't sure if it was going to stop on that shelf necessarily. I was standing over it and I was -- I felt really good about the shot and I was like, if I hit this solid I think it's going to be perfect distance.

**Q. Just one. You're playing some really great golf right now. What is clicking for you in your game?**

LUCY LI: I'm just hitting the ball good again. Been working hard on my putting, and so I have been seeing some results. I still need to be putting better, but just being able to hit it well again is good.

I think just having a good mindset. Like I said one shot at a time. That's really important.
