Quick Quotes

Q. Here with Nasa after her second round here at the Buick LPGA Shanghai. Much better day than yesterday. What was working so well for you today?

NASA HATAOKA: Actually I'm hitting good as well, and putting making more middle range.

Q. What were some of the differences or things you worked on between yesterday and today?

NASA HATAOKA: I work on not much different. Same thing. I was focus on my thing.

Q. Do you like this course and how does this course maybe bring out some of your strengths?

NASA HATAOKA: I feel a little longer distance this year. But I just keep trying to hit the fairway first and, yeah, make some middle range putt.
