Kuala Lumpur Golf and Country Club

Jasmine Suwannapura

Quick Quotes

Q. All right, here with Jasmine Suwannapura after her third round. Really good battle out there between you and Rose Zhang. Did you enjoy the battle and did it maybe help motivate you throughout the day?

JASMINE SUWANNAPURA: Definitely. Today was really fun to play with Rose. She played really well today. It's kind of remind me of like, you know, couple years ago when I go off-season in Thailand and I play with the guys. They play on Asian Tour and European Tour so we play like money game. You know, it's like they can shoot 10-under every day, so even though you make birdie you might lose money.

So it's really fun to battle with Rose the front nine. Definitely she played well today.

Q. What were some of the key moments out there for you that led to another really good round out here?

JASMINE SUWANNAPURA: I think because I play my game, I just don't really -- I can't control what other people do, so it's just only me, hit my best shot, and enjoy the game.

Q. You've had three now really good rounds here at KLGCC. What's been the secret to consistency at a course you had very little practice on?

JASMINE SUWANNAPURA: Probably not thinking too much, because you have to really set your target each shot, where you want to put the ball, and you cannot miss on certain way.

Even though I didn't hit it too close, there is still a chance to make birdie, so don't really give up on it.

Q. Last question: Let's talk about that streak there in the beginning, holes 1, 2, and 3. How great of a start was that for you today?

JASMINE SUWANNAPURA: It was fun. It was fun. We had a really good three, four holes making birdies. I didn't

even realize that we make birdies and stuff. All I know is just imagine I play the game with the guys, I might just be even. I don't really lose money. It's been fun today.
