Quick Quotes

Q. All right, Jasmine, really good result out there for you. Tough finish, but how happy are you just with your position and your play this week at the Maybank Championship?

JASMINE SUWANNAPURA: Very happy with how I finish Top 5 today. It might be a little struggling here and there today, a lot of lip-out and I hit a lot of good shots today, but, I mean, I do my best today and this is the result.

I'm happy with it.

Q. Were you enjoying at least the challenge out there? Obviously were you looking at the leaderboard a lot or was that motivating you at all?

JASMINE SUWANNAPURA: Yeah, it was tough to fight back today. I know that Celine played well. She shot 7-under through, I don't know, 15. I told myself, okay, let's just have to get this going. Let's make birdie and try to catch up. Knowing I'm two stroke behind at the time definitely motivated myself to do so, and then I birdie on 14 and 15 I think.

So -- not 15, 14 and 16. So it's getting there, and I had a chance to make birdie on 18, but unfortunately I got a really, you know, into-the-grain line and I hit a little chunk shot, so my birdie putt was a little far.

Q. What are going to be the big takeaways for you from this week that you'll carry into next week? I know you're playing in Japan.

JASMINE SUWANNAPURA: I think my game is good. It's trending up, you know. I enjoy seeing myself hit a lot of good shots and know that I can do it. It's just it's not my day today and a lot of putts not drop.

But definitely a good result, and looking forward to having another, three, four weeks of golf.
