**Q. You like it hot, don't you? You like these temperatures. Three-time winner at the Honda LPGA. What is it about this heat that you play so well?**

AMY YANG: I personally prefer warmer weather than cold. Maybe that's why. My body feels more loose out there. Just enjoy being out here.

**Q. You certainly did with that number of birdies on the scorecard. Are you carrying your own yardage book or do you still have your caddie do all the numbers?**

AMY YANG: He does all the numbers and just put pin positions on it so I can have clear shot what to hit, what to look for.

**Q. A major champion and also won the CME Group Tour Championship last year. What has been so good about your game over the last 12 months?**

AMY YANG: I want to say, yeah, definitely we worked on some technical stuff with my coach, Tony, and caddie, Jan, but also, improve a lot of my mental game with Paul.

**Q. Yeah. So the mental game. Do you have a mantra you say to yourself?**

AMY YANG: Yeah, I just try to stay in focus. You know, when you're out there a lot of doubts are going on. Just try to focus, stay, enjoy, do my best.

**Q. You also have one the most rhythmical swings on Tour. Where does that tempo come from?**

AMY YANG: I don't know. I think I learned that long time ago, like beginning of my golf as a child. I think I met a good coach.
