**Q. Congratulations. You were pushed all the way. How about that final 18 holes?**

RUONING YIN: Well, coming down 18 and then I had a really good number for my 3-wood, and I just told Dave, just aim for the target hit over there and I just right on my target.

Then I just tried to two putt here. I know if Jeeno makes it there is nothing I can do, so I just tried to make two putts here.

**Q. You were pushed all the way by your good friend and also Haeran Ryu. Were you nervous? Because everybody around you was.**

RUONING YIN: Yes, I was pretty nervous. I really, really appreciated Haeran and Jeeno. They bring the best out of me. Just another great day on the course and another great day with my friends.

**Q. Yeah, you're living the dream right now. Three wins on the LPGA Tour this year. Sensational play. What's going so right for you right now?**

RUONING YIN: I would say my mental. My mental is. I would say I learn a lot from early this year because I was pretty stressful. I had such great year last year I was wondering if I can win again, what if I can't, such things.

But I think I just really learned that I just need to enjoy myself out here and have fun, happy, so that's what I do.

**Q. Congratulations. You are the Maybank champion for 2024.**

RUONING YIN: Thank you, appreciate it.
