BLUE BAY LPGA

蓝湾大师赛

**Q. Minjee, an absolutely stellar round. All week we've been saying how hard this golf course is; 65 straight out of the gate. Walk us through the round today.**

MINJEE LEE: Yeah, we were really fortunate with very calm conditions starting the day, so tried to take advantage of the nice conditions. And I think I turned in 4-under, so that was nice, and finished with 3-under on the back.

No, it was overall very solid day.

**Q. I think we can all agree on that. The stretch from 16 to 18, 1-under par. What did you make of the changes in those three holes?**

MINJEE LEE: Yeah, I mean, I don't mind it. I think it's quite quirky, a little bit different to the last time I played it. That was quite a few years back.

But, yeah, no, I think they're just a little bit different and you got to play it smart I think. So, yeah, we'll see how we go with the wind tomorrow.

**Q. Second event back. Can you give us some insights on what you worked on throughout the off-season that came into play that shone through today?**

MINJEE LEE: I actually touched on everything this off-season, especially changing my equipment to Callaway. Everything has been a little bit of a process getting used to, but I think it's going to take me a couple events just to knock the rust off and break those clubs in.

Yeah, no, I'm looking forward to the rest of the week.

**Q. What do you need to do to break down the golf course today?**

MINJEE LEE: I think maybe the afternoon the wind might come a little bit. We expect that because in the afternoon it does get up a little bit. I think just play smart, and obviously when you have the opportunities, try and capitalize on them. There are some short holes where you

can hit wedges into the greens.

I think play smart and aggressive. Just pick your moments.
