BLUE BAY LPGA

蓝湾大师赛

Q. Jeeno, a lovely round of 68 and you're managing to get the pace of these very undulating greens.

JEENO THITIKUL: Yeah, I mean, yeah, it's so crazy. My caddie was walking on Monday and came back and he told me like I think the greens quite hard, too. I was like, okay, let's see. And then I was just practice on Tuesday and I was like, oh, it is. You're right. It's like a lot of slope in one green.

Q. Well, you played very well. To be in contention again, my goodness me, the last five starts you won twice. This is the fourth week on the bounce. Have you got the energy for one more good round tomorrow?

JEENO THITIKUL: I think we need to. We need to get more energy. Hopefully I have good food tonight and get like boost of energy for our last round, 18 holes. Me and my caddie is counting the holes, how many holes we got left for going back home.

Q. That great play has catapulted you to No. 2 in the world. You have been No. 1. You seem to play with no fear. You genuinely look like you're having a great time out there.

JEENO THITIKUL: Yeah, I did, but I did play with some fear sometime. I think what work well is just me enjoy myself and then enjoy like playing golf out there. Whatever, it's going to turn out to be good, to be bad, it's still just a day of golf. It's not a day of your entire life.
