Quick Quotes

GIGI STOLL: The putter has been hot. Definitely got off to a really good start birdieing the first three. Some stuff happened in the middle, but it was nice to close with three as well.

So just trying to keep that putter hot, stay in the moment, and enjoy it.

Q. After that stuff in the middle that you talked about, how do you not let yourself maybe snowball and escalate that, and then to finish the way you did?

GIGI STOLL: Yeah, you know, golf is funny. It's a long day. You could always come back and you are never really out of it. Anything can happen. I just tell myself a lot to stay really present and stay in there.

I'm really proud of myself for doing that.

Q. Second year on tour. How different does this season feel compared to last year?

GIGI STOLL: Yeah, I mean, I have a lot better status so I feel like I have a little bit more comfortability I feel like. You know, getting those starts last year was definitely helpful, but it's nice to be a little more comfortable knowing that I have a few more starts out here this year just to be able to play my game.

It's going to be a good year.

Q. Did balancing last year, having the status you did in Epson Tour, help you maybe get ready for this year, to take on a bigger load?

GIGI STOLL: Yeah, I mean, definitely more travel more weeks, but I think I've been grinding really hard the last couple years and I think I'm really prepared for this moment, so...

Q. Heading into Sunday in contention, what's the mindset?

GIGI STOLL: One shot at a time. I mean, like I said, things can happen. There is a lot of golf out there. 18 holes is a long day. Just staying really present, enjoying being out here, enjoying the moment, and that's all I can really do.
