Q. Gigi, what a way to finish your round in style. (Wind - indiscernible.)

GIGI STOLL: Yeah, nice way to finish after, like you said, a little wobble in the middle. Really proud of myself for hanging tough the way that I did.

Q. (Wind - indiscernible.)

GIGI STOLL: Putter got hot. Hit it in the fairway, land it on the green, and make a putt. That's the way today kind of went.

Q. You went to Q-School last year to get your card this year. You're currently enjoying the conditions. This breeze is getting fresher and fresher. It's not easy. (Wind - interference.)

GIGI STOLL: Yeah, I definitely pride myself in being able to handle the conditions well, and I think this is a golf course that suits me very well. Staying in the moment and staying present, that's all I can really do.

Q. Are you going to be looking at the leaderboards tomorrow? How aware will you be of what you need to do in order to get across the line.

GIGI STOLL: Yeah, I'm definitely someone that likes to look at leaderboards. I enjoy knowing where I am at and what I need to do, and I think tomorrow should be an interesting day.

Q. You're cutting a very stylish look as well with those glasses. Pop them on for me. Got kind of the Daft Punk look going.

GIGI STOLL: Yes, always fashionable.
