

FM Championship

Sunday, September 1, 2024

Boston, Massachusetts, USA

TPC Boston

Arpichaya Yubol

Quick Quotes

Q. All right, here with Piano after her final round at the FM Championship. Solid round to wrap up the tournament. Looks like a top 10 finish right now. Just talk about how you played today with a final round 66.

ARPICHAYA YUBOL: Okay, I think I played today like pretty good until last five hole, right? Yeah, last five hole. I got birdie like three birdie in a row and that make me confident.

I think I get lucky a little bit on hole 17 to get the second shot in the hole for eagle, and then until last hole, yeah, I tried to do my best. I just thinking maybe I can finish like birdie on the last hole, too. I tried to do my best and I made it, yep.

Q. That's awesome. Talk about how you played 17 with it being a par-4.

ARPICHAYA YUBOL: Okay, on that hole?

Q. Yeah, walk through the shots you had on 17. You hit a driver and then how far away were you on your second shot?

ARPICHAYA YUBOL: I hit the driver and I got 155 to the hole. Actually that hole the pin is hard. I think that's a tough hole for me.

Actually first time I decision to hit 7, but I talk with my caddie, wind is stop, so we should hit something short and like stop somewhere on the green.

I just tried to my best on that shot. Everything perfect, like land perfect. The ball rolling perfect to like in the hole to make eagle.

Q. That's awesome. Did you see it go in?

ARPICHAYA YUBOL: Yes.

Q. What was where your reaction? Did you or your caddie a reaction?

CHAMPIONSHIP

ARPICHAYA YUBOL: I like (indiscernible) off my birdie, and like my caddie say (opening mouth in astonishment?)

Q. That's awesome. Great finish. How proud are you of your play this week?

ARPICHAYA YUBOL: Actually on the practice round I think I just think on the first -- thinking in myself, like I can do like finish Top 5 or top 10 because on the practice round I do everything looking good.

I don't know, maybe I feel good with the golf course. Yeah, after finish the round my position still like top 10. Today I just thinking like you just try to do my best and everything happen, it happen. Until last five hole. My caddie ask me like, what do you feel now? I just tell him, I feel good. I do my best every shot.

But it's golf. Everything happen is happen. I just do my best. After that I got three birdie and eagle and last hole I got birdie. That's excellent, yeah.

Q. What about this course did you really like? Were there certain parts of the course that you really liked that you thought you played well on? Like the fairways, small greens, something like that? You said in the beginning of the week you really liked the course when you were practicing on it. Why did you like it?

ARPICHAYA YUBOL: Because on the practice I do everything great. Maybe I got confidence from the British Open, and then this week like it's no wind and the golf course is pretty wide open. Like just get confident from the British Open, and then on the practice I think, yeah, the golf course is looking like -- make me feel like, okay, you can do on this week.

But actually on the first -- I think every round, my driver still stop a little bit some hole. But, yeah, I tried to do my best ever shot to try to get on the green and then made the easy par every hole.
