BLACK DESERT
CHAMPIONSHIP

Q. Congratulations on getting through a good solid round of 70. My first question is: How were you able to come from such a great week last week winning your first major and then focus on this round No. 1?

MAO SAIGO: So it was kind of hard to switch my mood first couple days, but I was able to switch to this week, focus on this week during the pro-am actually.

Q. You did a very nice job navigating this golf course. What do you think of Black Desert and how would you describe your ability to play well here today in the first round?

MAO SAIGO: So it's beautiful golf course and the view is amazing. It's kind of hard to focus on where I want to hit it to, but I'm pretty fortunate to play the golf course like this.

Q. Well, it is a beautiful course and you showed great focus today. Congratulations again on becoming a major champion and good job shooting under par this afternoon. Thanks for the time.
