**Q. Okay, here with Yan Liu after her final round at the Black Desert Championship. Talked to you so much the past two weeks. What's golf been like the past two weeks? How are you feeling about where game?**

YAN LIU: First of all, I really happy to see you again. I hope I can see you more in the future. (Smiling.)

Yeah, well, I think my game right now at the very good position, very confidence, and I think I improve a lot from the offseason. I'm learning from last two years also.

So I think just keeping to myself on the course, yeah.

**Q. And talk about that back nine. I just told you only had three pars, six birdies. What was going so well? Were you just trying to move up the leaderboard?**

YAN LIU: I think we have very good match with Rio, and I think I would play very well if same group player play really well as well. I think we play like Match Play on course so really fun to play with Rio and Brooke.

**Q. What about this course makes you so excited to come back here next year?**

YAN LIU: I think the views definitely make my come back again. I have a couple friend they say they watch the tournament online and say the course so pretty; they going to come next year when I play. They will come earlier and then play golf in here and then watch me. Yeah, so I will come back next year.

**Q. What did you take from this week of golf to move forward?**

YAN LIU: Well, I think in the weekend I do pretty good job on tee shot and approach. I think I made a little mistake today front nine but I just really tell myself I have to reset. Every shot is new.
