## Quick Quotes

MINJEE LEE: Obviously it's a challenging golf course. The conditions, I haven't seen them better in the last two years that I have played it. Yeah, no, I just really like the course because it's so challenging and tests all parts of my game.

**Q. You had a couple bogeys to go with mostly birdies today. What was the highlight of the round for you today?**

MINJEE LEE: The highlight? Actually just consistency for me really. It was quite hot out there and it was getting windy.

Yeah, I mean, I was just pretty solid all round, so happy with that.

**Q. You were talking about the consistency. You have been very consistent every time you've played here. How important is that?**

MINJEE LEE: Just because all the holes are pretty challenging, I don't think there is an easy hole out here, so, yeah, just being consistent out there and hitting solid shots is really what's been the key.

**Q. You came so close to driving the green there on the 18th hole. When you got up to that front teeing ground, what was running through your mind?**

MINJEE LEE: I thought it was a great change. We don't really have that many times where we have a drivable par-4. Yeah, no, it was really fun. Just, yeah, it was just a good change.

**Q. You had a great moving day. Put yourself right back in contention. How do you go into tonight knowing you're just a couple strokes off the lead?**

MINJEE LEE: Obviously I don't know what the conditions are going to be tomorrow, but if it's similar to today, I'm just going to stick with pretty similar game plan and just do whatever I can in my control.
