

# Barracuda Championship

Friday, July 19, 2024

Truckee, California, USA

Tahoe Mountain Club

## Chez Reavie

### Press Conference

**Q. Just want to talk about birdie at the last to kind of get you into a good spot. Just talk about that. I know it's not a for sure made cut, but talk about that.**

CHEZ REAVIE: I had to make a lot of birdies coming in. It was a stressful day. Hit the ball well. Had a lot of good looks. Just didn't get anything going. Luckily, buckled down there the last five, six holes and made a bunch of birdies.

**Q. When you come into a day like today knowing you have to post something, does that weigh on you, or do you try to be aggressive and go after it?**

CHEZ REAVIE: It is what it is. You've always got to be aggressive in this format anyways, but you have to hit it good off the tee to be aggressive. Fortunately, I was able to do that today and make some putts.

**Q. Take us through the birdie on your last hole from tee to green if you could.**

CHEZ REAVIE: It was nice. Hit a nice drive in the fairway. Had a good number. What was it, 112 to the hole, 113. It was a perfect sand wedge.

Luckily, hit it nice and close. Landed just right of the hole and spun it back right next to it and tapped it in.

**Q. What were the emotions when you tapped that in to hopefully get into the weekend?**

CHEZ REAVIE: It was nice to go from 12 to 14. Looks like 12 is probably going to get in. I think 14 is definitely going to get in I think. I haven't looked at it yet. Definitely has a better chance than 12, so I'm happy about that.

**Q. Obviously nothing is guaranteed out here, so every time you can make a cut, talk will how important that is.**

CHEZ REAVIE: You have to fight to make the weekend. That's what makes it so fun. It's like a tournament within

the tournament.

A lot of weeks you fight to make the cut, and then you have a great weekend and finish in the top five, top three, even win. So still having a chance on the weekend is huge.
