### Quick Quotes

**Q. Thoughts about your best finish yet and a close call here.**

SUNGJAE IM: I'm very happy that I was able to show consistency throughout this week, especially in the biggest tournament at the end of the FedExCup Playoffs. Overall, very happy.

**Q. What are you most pleased with game-wise this week?**

SUNGJAE IM: The key to having a good score here at East Lake is hitting the fairways. Although I wasn't able to do that up to a level during round 1, overall I think my tee shots were pretty accurate, which led me to good scores.

**Q. What happened on 14?**

SUNGJAE IM: Definitely a mistake on my part. First of all, pushed a tee shot to the right, missed the fairway, and then I was able to get it close to the green at the left side bunker, but the approach shot didn't come out as I expected, which I look back and it was a mistake, but it is what it is.

**Q. Still a great finish, and does this give you confidence going forward that you'll one day be the FedExCup winner?**

SUNGJAE IM: Honestly, my goal this week was to finish top 5, and to be finishing this high up is very unexpected, but it was a great finish and I'm glad how everything came out together.
