Cam Davis

Quick Quotes

Q. Had a good enough start, but just couldn't contain Jordan in the end?

CAM DAVIS: No. I just kind of lost the swing a little bit throughout the round there. I just started off pretty hot, kept on doing the same things, and the ball started not going where I was looking. I needed to stay in the hole to keep up with Jordan, and I just started getting myself into spots that made it a little too tricky to keep up with him.

He putted great. He kept his momentum early when he wasn't playing great, and then I think he got a little comfortable when I started missing a few shots. And, in the end, made it enough of a battle for him.
