Quick Quotes

Q. Trevor, given where this team started on Thursday and how they finished on Sunday, what message was sent about the international team in Presidents Cup play?

TREVOR IMMELMAN: That, number one, we love our team. We love everything that this team stands for. We love everything that this competition stands for. And we've been really excited to have this opportunity against the Americans on home soil for quite some time.

So it's been an amazing week for us. Obviously, we're a little disappointed now. We believed in ourselves. But hat's off to the Americans. They're extremely strong and played some great golf.

Q. So many years of preparation went into this. What will be your lasting memory of your captaincy?

TREVOR IMMELMAN: Just how these guys came together. It's an extremely, extremely tight locker room. Our caddies, our wives and partners, everybody, we just had an amazing week.

And they were fighting. Man, they were fighting. I hope fans out there really do appreciate. These guys have got massive hearts. Massive hearts. And I'll go to battle with them any day.
