## Hayden Springer

### Quick Quotes

**Q. Hayden, this was a golf course that was very gettable. I know you had to get right back out there this morning and you took advantage of back-to-back days of 66.**

HAYDEN SPRINGER: Definitely the scores are low, so it's gettable, yeah. Nice couple days and I'm putting it really nice, which is a good thing.

**Q. These greens are so good. If you give yourself a lot of looks, you are going to be able to find a way to make a lot of birdies. What's been the key to success for you on this golf course?**

HAYDEN SPRINGER: I mean, I really didn't hit it all that great. Had to scramble a bit. When I hit it in there and gave myself a look I made quite a few of them.

Really the putter has been the key for me these first couple days, so hopefully I can keep that going and hit it a little bit better.

**Q. Talking about this season for you, you have a 59, Top 5 early in the spring. When you've played well, you've played exceptionally well, and yet you find yourself in the fall, you need a couple good starts to keep the card for next year. How do you approach this stretch of golf knowing your best golf this year has been really dang good?**

HAYDEN SPRINGER: Yeah, it's nice to know like when I'm playing well it's definitely up there. So it's like anything, just trying to take it one day at a time and a tournament at a time, not overcomplicate it.

That's the big thing for me, is just trying day at a time, shot by shot, and see where that puts me.

**Q. Shot by shot this weekend, do you think this golf course evolves a little bit? We were wondering if the greens get firm at all? What have you seen through**

SANDERSON FARMS  
CHAMPIONSHIP

**two days? How do you expect the golf course to mature over the weekend?**

HAYDEN SPRINGER: I feel like it's played pretty similarly this afternoon to this morning. I mean, I've heard this place gets firm and fast, but so far really hasn't been super firm.

Greens are quick, but I would expect it to get a little firmer and faster. So far it's been consistent.
