Quick Quotes

Q. Rasmus, after a long very successful week last week at Ryder Cup, you come here and play very well after I'm guessing got a little rest after Thursday. Assess the week as a whole.

RASMUS HØJGAARD: Yeah, it started obviously quite low in energy at the start of the week, so started a bit slow. But, yeah, played some great golf here in the week and managed to jump up on the leaderboard.

Q. Was it the energy came back or did you find something in your game over the last couple days?

RASMUS HØJGAARD: I think my game got sharper and sharper as the week went on. Putted great, especially today. I've been putting great all week, but especially today. I feel like the hole was a big bucket, so that's always nice when you have that feeling.

Q. And you are going to Japan next week; how much confidence does this give you hopping on that long flight over to Japan?

RASMUS HØJGAARD: Feels good. Every time you play good golf it's a big confidence boost. Yeah, I'm looking forward to Japan. It's one of my favorite spots to go to, so hopefully I can take some of this with me.

Q. Obviously high finish this week will help just your standing in the FedExCup. Do you maybe reset some goals now with the last five events of the fall here trying to maybe - obviously you want to win - but at least trying to look towards that 50 to 60 range?

RASMUS HØJGAARD: Yeah, for sure. I don't think it changes much because. You are still trying to show up to the events you're going to play and do your best. It's definitely a boost this week after last week, so, yeah, I'm going to sit down with my team and discuss how much we're going to play.

CHAMPIONSHIP

Q. You played well this week and another one of your teammates, Bob, he won today on the DP World Tour. Just comment a little bit about that.

RASMUS HØJGAARD: Yeah, that was super cool. I watched it this morning at the breakfast so I'm super happy for Bob. Even Terrell, I think he finished second. Good showing from the boys there.
