TPC Sawgrass

## Ludvig Aberg

### Quick Quotes

**Q. Really strong showing here in your first PLAYERS. Can you speak about the atmosphere out there, the size of this tournament, the fans all over you? What was that like for your first experience?**

LUDVIG ABERG: Yeah, it's unbelievable. I was actually, when Christiaan was putting on 17, I just kind of turned around and I looked over, and I just, you know, enjoyed it. I tried to soak it all in. It's a privilege to be able to play these events, it really is. To be in this situation, it's really cool.

**Q. What have you learned from this week at TPC Sawgrass that you'll look to apply and learn moving forward into future trips to this tournament?**

LUDVIG ABERG: Yeah, I think as of any other tournament, it's getting easier and easier the more you play it. The more times you play the golf course you learn things all the time.

I felt that's the case for this week as well. This golf course obviously demands a lot from you. It demands more positioning into the greens off the tee, and that's what I try to keep improving on and make sure that next time I come around I'll be a little bit more ready.
