Quick Quotes

Q. This was one of the better final rounds. Just what went well today?

SI WOO KIM: I think I did putting well. Usually I didn't putting good like Sunday and last few holes always struggle last few weeks. I try to be focused more of last six hole finishing holes, so I think I did well and then putting definitely helps me today.

Q. What kind of went into that focus down the stretch?

SI WOO KIM: Just trying to not think about next shot, just try to be focused on this shot and this moment. I think that helps me be more focused.

Q. Was it a good feeling?

SI WOO KIM: Yeah, yeah, I don't have to thinking too much, like, next hole, like after next hole, so I think that helps me more focus on it.

Q. The eagle?

SI WOO KIM: Eagle? Yeah, it was last couple days hit it, didn't have, didn't hit enough, the tee shot, so I try and hit it hard today, so I know the pin is back, so I try to get closer and drive it well. And then the 3-iron was perfect number with the 3-iron, so I hit perfect 3-iron and I made it.

Q. First top 10 this season. Where do you go on from here? How do you build on this?

SI WOO KIM: I think, yeah, very happy for first top 10 this year and then I play well, but last few weeks didn't finish strong, so I'm happy with this result.
