Pebble Beach, California, USA

Pebble Beach Golf Links

## Beau Hossler

### Quick Quotes

**Q. Strange day today. How do you kind of get ready for a long day tomorrow and possibly Monday?**

BEAU HOSSLER: Yeah, bummer with the weather, right. But kind of expect, Monterey, you never know what you're going to get. But I played some really nice golf. Obviously, once that weather came up, it totally changed things. I made a double there on 6, really tough hole.

Hopefully, I can finish the round off strong in the morning and then hopefully play a nice round in the afternoon.

**Q. How do you prepare for the weather that seems like it's coming tomorrow? Again, finishing up here at Spyglass and then going over to Pebble?**

BEAU HOSSLER: I tell you what, Pebble is no joke in the wind, right. At least here you have a little bit of protection in the forest.

I think the preparation is just the same as it always is. I think we're all -- it's hard. When you don't have -- when you have a wet driver and a wet golf ball and a lot of wind and already pretty bumpy poa annua greens to start it's a challenge. But I think a lot of it will be attitude and just trying to take it one shot at a time if you can and just try and rest up the rest of the day today.
