Quick Quotes

Q. You're right up there all day and you gave yourself a shot on 18 --

ROBERT KARLSSON: The problems were earlier. I was very happy the way I played through the week. Today felt a bit uncomfortable. It's a long time since I've been up there. Yeah, it was nice to be up there. I played really well the last few holes. A bit unlucky on 14. I hit a great tee shot and it just trickled into the trap, but a lot of good stuff and stuff to bring along for the future.

Q. What were you looking at on 18 there?

ROBERT KARLSSON: I saw where he was. I thought, I have to try to give it a go. But when it came out a little right, I was like, ugh. You can't expect to hole it from 40 yards when you missed it from six feet a bunch of times throughout the day. That's not the problem.

Q. Sometimes that's the one that goes in.

ROBERT KARLSSON: Yeah, definitely. It definitely happens. But very happy with the week, and it was great to be up there in the last group. It was great to play with Freddy Couples. I haven't played with him since 1995. It was about time, I think. That was good fun.
