**Q. Talk about the day. What was working so well for you?**

SAHITH THEEGALA: Yeah, I played really well the last two or three days. The main thing for me, I think I've said a lot, is just getting off the tee and putting myself in the fairways and in play. I did a really good job of that this week. Didn't hit a ton of drivers but I had like this low stinging driver that was going really well and just kind of let the rest of my game - because it's been good - take over. Did a lot of good, just -- yeah, it was just a lot of good, honestly. I've felt really good about my game the last couple days.

**Q. You put yourself in these positions, get yourself in contention. Do you continue to learn things that you hope will help you get that first PGA TOUR win?**

SAHITH THEEGALA: Yeah, for sure. I'm learning every tournament. Hopefully I never stop learning out here. I feel like there's always something you can pick up on out here with all these world-class guys, and yeah, I feel like my game is getting better and better and I've just been putting in the work with my team, and it all feels really good. I just haven't gotten off to the greatest starts in tournaments, and I feel like I'm always kind of having a good weekend to kind of sneak up versus kind of being up at the top of the leaderboard come the back nine on Sundays. I don't think there's anything concrete that I need to work on. In that way I feel really comfortable, and I'm just going to focus on getting better.

I've been really enjoying the process of doing that, so I think keep on keeping on is what I'm going to do.
